"HAYTIAN REPUBLIC."

The American Vessel Condemned by a Prize Court.

BITS FROM THE BRITISH PRESS

Ex-Empress Frederick Pays a Visit to Queen Victoria—The Anarchists—Socialists—Earthquake.

An American Vessel Confiscated.

NEW YORK, November 18.—The Haytian legation has received this information: The prize court of Port-au-Prince, after trial, has condemned the American steamer *Haytian Republic* to confiscation for a violation of the blockade port of St. Marie and for actively participating in the rebellion of the northern districts of Hayti. The sentence of the court was passed on October 31st last.

The United States steamer *Boston* has arrived at Port-au-Prince, where her commander is assisting the United States minister in investigating the case. An appeal may be taken to the Supreme Court.

THE OFFICIAL CONFIRMATION.

WASHINGTON, November 19.—The Department of State received official confirmation of the reported condemnation and seizure by the Haytian prize court of the American steamer *Haytian Republic*. The condemnation was pronounced November 31. The day following, the United States minister protested against the proceedings of the prize court as illegally constituted, and appealed to the higher court. It is also advised that the captain of the seized vessel refuses to surrender his craft. The United States man-of-war *Baton* arrived the same day to support the protest of the United States.

British Bits.

LONDON, November 18.—The Standard regrets that Lord Randolph Churchill differed with it in regard to the Sackville affair. It says: "The knuckling down policy is not the best nor the wisest policy in the face of such notorious and repeated aims of unfriendliness as we have recently experienced at the hands of the United States government."

Lord Carnarvon writes to the *Times* deprecating the idea that the colonies should choose their own governors. This, he says, would imply the choosing of a governor by the political power in the Colonial Parliament and the abandonment of those very few rights which now belong to the crown, and which, he honestly believes, are mainly in the interest of the colonies, enabling the crown in the discharge of its duties satisfactorily to them.

LONDON, November 19.—It is reported that Black, whose appointment as governor of Queensland met with such opposition in the colony, will be retained as governor of Newfoundland. Balfour is indisposed, and will probably move the extension of the Ashbourne act in the Commons to-night.

Ex-Empress Frederick in England.

BERLIN, November 18.—Ex-Empress Frederick and daughter started for England to-day. They were escorted to the railway station by the Emperor.

The parting of the Emperor and his mother was very touching. He kissed and embraced her many times. The party met the Prince of Wales at Flushing, and embarked on the royal yacht, which started for England near midnight.

LONDON, November 19.—The royal yacht bearing Empress Frederick of Germany and daughters reached Port Victoria this morning. Queen Victoria and Princesses Louise and Beatrice left Windsor this morning to greet the Empress on landing. Only a small crowd was at the station on the arrival of the Queen's train. No cheering or uncovering heads.

The Queen and Empress Frederick met in the yacht's saloon and subsequently the party proceeded to Windsor Palace.

The Anarchist's Agitating.

CHICAGO, November 18.—About 125 men gathered this afternoon at Greiff's Hall, on the West Side, the old time headquarters of the Anarchists, with an understanding that they were there to organize a society "for the purpose of reviving an Anarchistic agitation among the free-thinking laboring men of Chicago." One Goetting addressed the meeting and advised the forming of a new society which would act in the interest of the unsocial Democrats. He said Chicago was now farther advanced in the cause than any other city in America, and was ready for such an organization. After a lengthy discussion, it was decided to organize a new society and name it the "Arbeiter Bund." The society will appoint committees to hold agitation meetings and work up the organizations all over the city.

Earthquake Shock in California.

SAN FRANCISCO, November 18.—A shock of earthquake, that was sharp enough to cause many people in the hotels and private houses to run out into the street, was felt here this afternoon. Direction, northwest to southeast; duration, ten seconds. Telegrams to-night say the shock was felt all through central California.

Socialists Meet.

LONDON, November 18.—Socialists held an immense meeting in Victoria

Park, to-day, to commemorate the Trafalgar Square and Chicago riots. Speeches were made from three platforms. Mrs. Parsons advocated the use of bombs. Graham, member of Parliament, denounced capitalists and landlords, and said until workers organized to take the land, capital and machinery for their own benefit they would continue to be slaves, and the Trafalgar and Chicago scenes would be repeated.

Russian Protectorate Over Corea.

LONDON, November 18.—A special dispatch to the *Times* from Tientsin says the Chinese Government has learned that a secret treaty has been concluded between Russia and Corea, providing for a Russian protectorate over Corea.
